# RACE TO A DOLLAR!

## - THE COIN EXCHANGE GAME -

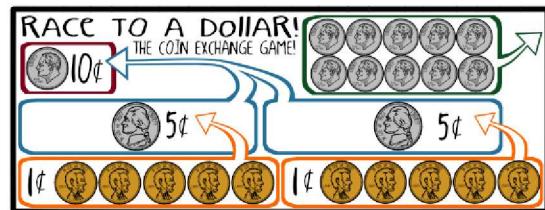

### HOW TO PLAY

1. Place at least 20 pennies, 10 nickels, and 20 dimes in a pile. This is the "bank."

2. Two players take turns rolling a die and collecting the number of pennies shown on the die from the bank (players should place their coins on the "coin exchange" game mat to help visualize the penny-nickel-dime exchanges).

3. Whenever players have at least 5 pennies, they can say, "Exchange!" and trade 5 pennies for a nickel from the bank.
4. Whenever players have a nickel and either 5 pennies or they have two nickels, they say, "Exchange!" and trade their coins in for a dime.
5. The game ends when a player can exchange 10 dimes for one dollar -- and flip the "coin exchange" game mat over to reveal the "dollar" side!

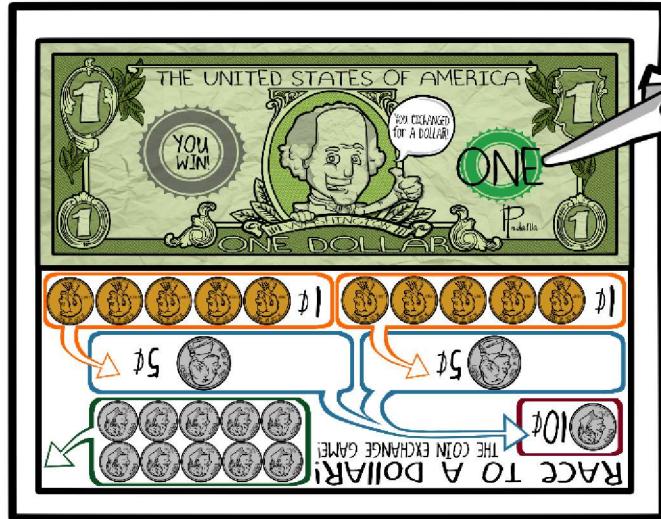

### VARIATIONS:

- Play with 2 or 3 dice to practice 2 or 3-number addition.
- Use the "COIN SPINNERS" to strengthen COIN recognition

## SET UP

First, You'll need to prep the "COIN EXCHANGE-DOLLAR" game mat.

- This will give you double-sided game mats.

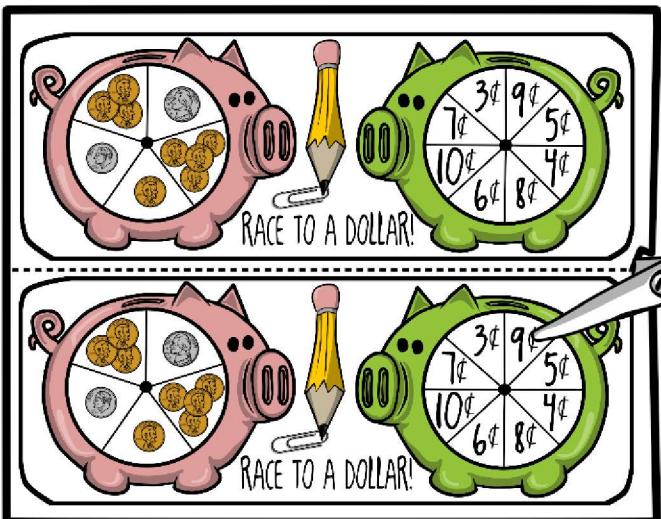

(LAMINATING IS  
RECOMMENDED)

- cut the game mat out and fold it down the center along the bold black line.
- use a little glue to stick both halves together.

Next, You'll need to prep the spinners.

- cut the "spinners" sheet down the dotted line. For more durability, Laminating is recommended.

- Place a paper clip (preferably a large one) in the center of the spinner. Then place the pencil point onto the center of the spinner as well. Hold the pencil in place & flick the paper clip. The paper clip will spin around the point of the pencil & land on a number.
