

### **Guest Reader**

Make reading time extra special by inviting a special guest to share a favorite book with your child. Having a grandparent, aunt or uncle, cousin or close family friend read aloud helps your child see that reading is something everyone enjoys.

If a family member or special friend lives far away, you can set up a virtual reading visit using FaceTime, Zoom or another video call app.

Encourage your special guest to think of some fun questions to ask after reading the book to help your child engage more deeply with the story. For example:

- What was each person's favorite part of the story? Why?
- Who was your favorite character?
- What do you like about this character?
- Would they want to be friends with this character? Why or why not?
- What do you think will happen next in the story?
